FITNESS FINDS HQ / FREE PLANNING CHECKLIST

# Small space.
# Your home gym.

Measure first. Choose thoughtfully. Start with what you will use.

## 01 MAP YOUR SPACE

- ☐ Measure the usable floor area and ceiling height.
- ☐ Allow clearance for movement, doors and walkways.
- ☐ Choose a storage spot before buying equipment.

## 02 PICK YOUR ESSENTIALS

- ☐ Dumbbells: compare weight range, increments and footprint.
- ☐ Bands: compare loop or tube styles and attachment needs.
- ☐ Mat: compare size, grip, cushioning and cleaning needs.

## 03 CHECK BEFORE YOU BUY

- ☐ Set a total budget, including delivery and storage.
- ☐ Check manufacturer instructions, weight limits and warranty.
- ☐ Check current product details and return terms with the seller.

## 04 MAKE IT EASY TO USE

- ☐ Keep equipment accessible and walkways clear.
- ☐ Inspect equipment and attachments before each use.
- ☐ Start with a manageable setup; add items as your needs grow.
